Hesham Eldib

Front-End Developer (React.js | Next.js | TypeScript)

Egypt, Cairo   01145471405   heshameldib27@gmail.com   linkedin.com/in/hesham-eldib   My Portfolio

PROFESSIONAL SUMMARY

Results-oriented final-year Computer Science student specializing in front-end development. Proficient in building and maintaining responsive web applications using React.js, Next.js, and TypeScript. Experienced in developing full-stack (MERN) projects with a focus on clean code, complex state management, and API integration. Eager to contribute to a challenging junior developer role and grow within a fast-paced team.

TECHNICAL SKILLS

Front-End:

React.js, Next.js, TypeScript, JavaScript, Redux, HTML5, CSS3, Tailwind CSS, SASS, Bootstrap

Back-End:

Node.js, Express, MongoDB, RESTful APIs, GraphQL

Tools & Testing:

Git, GitHub, Jest, Software Testing, Web Performance

PROJECTS

Full-Stack E-commerce Platform

- Developed a responsive, full-stack e-commerce website using the **MERN stack** (MongoDB, Express, React, Node.js).
- Built the client-side application with **React.js**, **TypeScript**, and **Redux Toolkit** for complex state management (cart, user state).
- Created a secure back-end RESTful API with **Node.js** and **Express** for handling products, users, and orders.

- Implemented user authentication and authorization using **JSON Web Tokens (JWT)**.

"Appyng" - Responsive Landing Page

- Developed a modern, pixel-perfect, and fully responsive front-end landing page from scratch.
- Utilized core **JavaScript**, **SASS**, and **Bootstrap** to create an interactive and fast-loading user experience.
